

TILGATE CLASSIFICATION GUESS WHO?

Pick your animal by putting a little tick in the corner of the picture. Take it in turns to guess which animal the other player has chosen! Put a cross in the box if you don't think it's that animal. Use pencil so you can play multiple times!

If you don't know much about an animal on the sheet, why not look it up and learn a bit more about it?

Examples of questions you could ask:

- Does your animal have feathers/fur/scales?
- Is it a predator/prey?
- Is it a brown colour?
- Does it have a six legs?
- Does it have a beak?
