

A rest for the reindeer

**Phew what a night!
Santa's reindeer have
been very tired after their
long journey around the
world delivering presents
to all the children!**

A rest for the reindeer

Help the elves to care for Santa's tired reindeer by picking out and circling the reindeer's favourite things!

Be careful though, there are some things that reindeer don't like!

Water

Chocolate

Crisps

Mushrooms

Lichen

Drums

Oats

Answers

All reindeer need fresh water and love to eat oats and special types of mushrooms! Their favourite food is lichen which they can find at the bottom of trees. They don't like chocolate or crisps, and drums are just too noisy when they are trying to sleep. Blitzen has woken up Dancer before and she wasn't happy at all! Thank you for helping the elves care for Santa's tired reindeer!
